THE INSTITUTE OF INTERNAL AUDITORS 2015–2016 CALL FOR VOLUNTEERS

THE IIA NOMINATING PROCESS

The IIA has two nominating committees. The Global Nominating Committee meets in January 2015 to select the slate of nominees for the Board of Directors and IIA Research Foundation Board of Trustees. The North American Nominating Committee meets in December 2014 to select the slate of nominees for the North American Board and the District Advisors and Representatives.

Committee Chairs are appointed in January 2015 and help select the members to serve on their committees. Committee appointments are completed in March, with committee terms beginning in April or July 2015.

OFFICERS AND BOARD PROCESS

The IIA's Global Nominating Committee meets in January 2015 to select a slate of officers and Directors-at-Large, and to confirm Board candidates for North America and the selected Institutes. Officers (Executive Committee) serve one-year terms and all directors serve one or two-year terms. Note that approximately half of the Board positions are selected each year. All officers and Board Members, except the Chairman of the Board, may stand for reelection, but may not hold the same position for more than two full consecutive terms.

INSTITUTE DIRECTORS

The 10 Institutes which have seats on the board are determined by the average number of members and the average institute revenues over a two-year period. The calculations are revisited in every even year. The Institutes recommend their candidates who are confirmed by the Global Nominating Committee.

NORTH AMERICAN DIRECTORS*

Members in North America (NA) are asked to submit candidates for the open NA positions on the Board. Note that NA Directors also serve on the North American Board, which oversees NA activities. The IIA's North American Nominating Committee recommends a final list of NA candidates for the Board of Directors to the Global Nominating Committee.

ANNOUNCEMENT OF SLATE

The slate of officers and board nominees is announced to the members via the website or electronic communications at least 90 days before the Annual Business Meeting (ABM). Candidates are elected during the ABM, which will be held in July 2015 in conjunction with The IIA's International Conference.

RESEARCH FOUNDATION PROCESS

The IIA's Global Nominating Committee also recommends the slate of candidates for The IIA Research Foundation Board of Trustees. The slate of trustee nominees will be presented to The Research Foundation members for election in July 2015.

The President of The Research Foundation is also the Vice Chairman of the Board – Research, and is elected by The IIA membership.

IIA COMMITTEE PROCESS

The Chairman of the Board works with the four vice chairmen of the board nominees and the committee chairmen to review candidates for committees. Efforts are made to ensure that each committee has a broad cross-section of members. Certification, geographical representation, industry, experience, skills, and any specific requirements of the committee are taken into consideration.

New committee members are appointed in March to fill terms beginning in July. The committee meetings are usually held twice a year, with the first meeting immediately following the International Conference in June or July and the second in Orlando, FL, USA in December. Terms are for one to three years, although committee chairmen may drop members who have not effectively contributed to committee work. Appointments may also be made to fill unexpired terms.

For committees designated as North American (NA), the Chairman of the North American Board works with the Vice Chairmen and Committee Chairmen to select the members of their committees. Some NA committees may meet in conjunction with the Annual Leadership Conference in April or May instead of the International Conference. All committees meet together in Orlando in December.

NORTH AMERICAN BOARD PROCESS

The North American Nominating Committee meets in December to select a slate of candidates to serve as officers and members of the North American Board. The slate is announced in January and elected by the North American membership during the Annual Leadership Conference in April. These same candidates are elected to the Global Board of Directors by the Global membership in July.

DISTRICT ADVISOR AND DISTRICT REPRESENTATIVE PROCESS

(NORTH AMERICA ONLY)

The NA Nominating Committee selects the slate of candidates for the open District Advisor and District Representative positions in North America. District Advisors and District Representatives serve on the Chapter Relations Committee (CRC).

The slate of North American District Advisor and District Representative Nominees is announced to members via The IIA website and candidates are elected during an annual North American Membership Meeting held in April or May in conjunction with The IIA's annual Leadership Conference. The CRC meets at the April Conference and again in Orlando in December.
